

CALIFORNIA GAMBLING CONTROL COMMISSION

CALIFORNIA CODE OF REGULATIONS
TITLE 4. BUSINESS REGULATIONS
DIVISION 18. CALIFORNIA GAMBLING CONTROL COMMISSION (§ 12002 et seq.)

GOVERNOR'S REORGANIZATION PLAN NO. 2 OF 2012 CLEAN-UP (SB 79, SB 820)
CGCC-GCA-2013-05-N

SECTION 100. CHANGES WITHOUT REGULATORY EFFECT

Pursuant to Title 1, Division 1, Chapter 1, Article 2, Section 100(b)(3), of the California Code of Regulations (CCR), the California Gambling Control Commission (Commission) hereby submits this written statement explaining why the proposed changes to CCR Title 4, Division 18,¹ as detailed below, have no regulatory effect:

THE REGULATIONS ARE INCONSISTENT WITH AND SUPERSEDED BY STATUTORY CHANGES

The Governor's Reorganization Plan No. 2 of 2012 (GRP No. 2) became effective July 3, 2012 with an operative date of July 1, 2013. GRP No. 2 made numerous changes to the Gambling Control Act (Act)² that consolidated the support, investigatory, auditing, and compliance functions of the Commission and transferred these duties to the Department of Justice (Department).³ The Department, instead of the Commission, was required to receive and process applications for licenses, permits, or other approvals, and to collect related fees. In addition, GRP No. 2 amended sections 326.3 and 326.5 of the Penal Code to consolidate and transfer to the Department similar duties as they relate to remote caller bingo games and the approval of bingo card-minding devices. The Commission retained its policy-making authority, the authority to approve licenses, and the authority to monitor revenues for specific funds.

During the implementation of GRP No. 2, it became apparent that additional technical statutory changes were needed in order to fully implement the reorganization. SB 76 (Committee on Budget and Fiscal Review, Chapter 32, Statutes of 2013) and SB 820 (Committee on Governmental Organization, Chapter 353, Statutes of 2013) make conforming, technical changes necessary to properly implement GRP No. 2. The bills, in part, reallocate certain licensing, support, and compliance functions between the Commission and the Department, including, among others, authorizing the Department, rather than the Commission, to approve installment payments of certain annual license fees; authorizing the Department, rather than the Commission, to collect certain fees; requiring the Department, rather than the Commission, to

¹ All references to the California Code of Regulations hereinafter apply to Division 18 of Title 4, unless otherwise specified.

² Business and Professions Code, Division 8, Chapter 5, Section 19800, *et seq.*

³ In the Act, "department" refers to the Department of Justice. While the Act assigns certain powers and authority to the department, in actual practice the responsibility for fulfilling the obligations imposed upon the department is delegated to the Bureau of Gambling Control, pursuant to Business and Professions Code section 19810.

administer the Charity Bingo Mitigation Fund; requiring the Department, rather than the Commission, to perform approvals of remote caller bingo equipment, agreements, and controls; and requiring the Department, rather than the Commission, to adopt regulations for the approval of remote caller bingo equipment and card-minding devices.

Several of the regulations contained in Division 18 of Title 4 are inconsistent with, and have been superseded by, these recent statutory changes. In general, several regulations refer to duties performed by the Commission that are now the responsibility of the Department.

As it relates to the Commission's Section 100 changes, the relevant statutory changes included in GRP No. 2 clean-up are as follows:

Business and Professions Code

Section 19951 was amended by SB 820 to allow the Department, instead of the Commission, to provide for the payment of the annual gambling licensing fee on an installment basis.

Section 19984 was amended by SB 820 to authorize the Department, instead of the Commission, to collect the third-party providers of proposition player services annual fees, which is consistent with the fee collection responsibilities under the GRP No. 2 amendment to section 19826.

Penal Code

Section 326.3(j)(4) was amended by SB 76 to require an organization to provide the Department, instead of the Commission, at least 30 days' advance written notice of its intent to conduct remote caller bingo games. SB 76 also added subparagraph (I) to require the 30-day notice to include of a copy of the license issued to the organization by the local jurisdiction. In addition, SB 820 amended this section to specify that organizations are "authorized by the Commission" to conduct remote caller bingo games and to require the Department (instead of the Commission) to post on its website the local ordinances of the local jurisdictions in which remote caller bingo games are played.

Section 326.3(q)(1) was amended by SB 76 to reduce the Commission's broad regulatory authority related to remote caller bingo. The bill requires the Commission to license any person who contracts to conduct remote caller bingo on behalf of an authorized organization or who is identified as having a fiduciary responsibility for the game. The requirements to license a site manager and a bingo caller were deleted in this subsection; however, subsection (u)(2) continues the requirement in existing law for the caller to be licensed by the Commission.

Section 326.3(t)(1) was amended by SB 76 to require all equipment used for remote caller bingo to be certified as compliant with regulations adopted pursuant to section 19841 of the Business and Professions Code by a manufacturing expert recognized by the department. SB 76 also required the certifications to be submitted to the Department

prior the use of the equipment. SB 820 further amended section 326.3(t)(1) to require all equipment used for remote caller bingo to be certified as compliant with regulations adopted by the Department, rather than pursuant to section 19841.

Section 326.3(t)(2) was amended by SB 76 to permit the Department, rather than require the Commission, to monitor operation of the transmission and other equipment used for remote caller bingo, and to monitor the game.

Section 326.3(u)(4) was amended by SB 76 to require an organization that conducts remote caller bingo to submit the controls, methodology, and standards of game play, as specified, to the Department, rather than the Commission. The bill also requires those controls, methodologies, and standards to be subject to prior approval by the Department, instead of the Commission, as specified.

Section 326.3(w)(2) was amended by SB 76 to delete the requirement for an authorized organization to submit copies of quarterly game records to the Commission. The bill also requires independent annual audit reports of an authorized organization to be provided to the Department within 60 days of completion, instead of to the Commission within 120 days after the close of the organization's fiscal year. A city, county, or city and county shall be provided a full copy of the audit upon request.

Section 326.3(w)(4) was amended by SB 76 to authorize the Department, instead of the Commission, to suspend the license of an audited entity upon the identification of a violation of this section, as specified.

Section 326.4 was amended by SB 820 to require the Department, rather than the Commission, to administer the Charity Bingo Mitigation Fund and to receive payments from those nonprofit organizations that conduct remote caller bingo games, to reimburse the loan from the Indian Gaming Special Distribution Fund.

Section 326.5(p)(3)(A) was amended by SB 820 to provide that the Department, instead of the Commission, will approve in advance card-minding devices, in accordance with regulations adopted by the Department, instead of the Commission.

Section 326.5(p)(5) was amended by SB 820 to provide that the Department, instead of the Commission and the Department, may inspect all card-minding devices and prohibit the use of any device that does not comply with the requirements of regulations established by the Department, instead of under Section 19841 of the Business and Professions Code.

Section 326.5(p)(6) was amended by SB 820 to provide that the Department, rather than the Commission, shall issue regulations to implement the requirements for card-minding devices.

Senate Bill 76 and Senate Bill 820

SB 76 and SB 820 both contain an urgency clause which provides that the above amendments shall go into effect immediately upon chaptering. Senate Bill 76 was chaptered on June 27, 2013, and Senate Bill 820 was chaptered on September 27, 2013.

THE COMMISSION HAS NO DISCRETION TO ADOPT A CHANGE THAT DIFFERS IN SUBSTANCE

This proposed action will make conforming changes throughout Division 18 (See Tab 2. Proposed § 100 Changes) by changing references from the Commission to the Bureau of Gambling Control (Bureau),⁴ as appropriate, related to the reassignment of responsibilities. Conforming changes will also be made, as appropriate, in forms included in appendices or incorporated by reference in Division 18. These regulatory changes are consistent with and mandated by the recent amendments to the Act and the Penal Code resulting from SB 76 and SB 820.

Leaving the references in Division 18 unchanged would conflict with the current statutory provisions of the Act as described above. This would result in unnecessary confusion and complication in interpreting, applying, and enforcing these regulatory provisions. The only logical and practical solution available to the Commission is to amend its regulations to conform to the statutory changes enacted through SB 76 and SB 820.

SPECIFIC FINDINGS

With respect to the foregoing, the Commission finds as follows:

Necessity:

Given the change in responsibilities in the Act resulting from the amendments made by SB 76 and SB 820, there is clearly a need to provide clarification in the Commission's regulations. There are numerous references throughout those regulations that now incorrectly refer to responsibilities of the Commission and Bureau that have changed. There is a compelling need to implement, interpret and make specific the provisions of the Act by the adoption of regulations that make reference to the proper entity responsible for specific functions.⁵

Consistency:

With respect to references to the Commission and Bureau, numerous sections throughout the Commission's regulations are not in harmony with, and conflict with the provisions of the Act as amended by SB 76 and SB 820.⁶ As discussed above, the amended statutory provisions change the responsibilities of the Commission and the Bureau. This inconsistency could lead to unnecessary confusion.

⁴ While the Act assigns certain powers and authority to the department, in actual practice the responsibility for fulfilling the obligations imposed upon the department is delegated to the Bureau of Gambling Control (Bureau), pursuant to Business and Professions Code section 19810. Therefore, these regulations refer to the Bureau rather than the Department.

⁵ Government Code § 11349(a) and Title 1, California Code of Regulations, § 10.

⁶ Government Code § 11349(d).

THE PROPOSED ACTION HAS NO REGULATORY EFFECT

The proposed changes will not materially alter any requirement, right, responsibility, condition, prescription or other regulatory element of any CCR provision. These proposed changes simply conform to the changes made by SB 76 and SB 820 in the Act and specific provisions of the Penal Code.

SPECIFIC CHANGES

This proposed action amends the following sections of CCR Title 4, Division 18, to conform to the provisions of GRP No. 2:

Chapter 2.1

Section 12200.20

- Subsections (d) and (f) – The references to the Executive Director approving installment payments of the annual primary owner license fee is changed to reference the Bureau. SB 820 amended section 19951(e) to provide the Department the authority to approve payment of annual license fees on an installment basis. This is the only reference to installment payment authority in the Act. Additionally, SB 820 amended section 19984, which provides broad authority over third-party providers of proposition player services, to provide the Department the authority to collect fees. Finally, GRP No. 2 originally amended section 19826 to provide the Department the authority to “receive and process applications for any license, permit or other approval, and to *collect all related fees.*” (Emphasis added.) While section 19951(e) does not directly relate to the collection of third-party providers of proposition player services fees, this provision, when coupled with the fee collection and application processing authority under sections 19984 and 19826, infers an authority to provide for approval of installment payments for third-party providers of proposition player services fees currently provided for in the regulation. While the authority to collect the primary owner license fee and to collect that fee on an annual or installment basis has been transferred to the Bureau, the Commission retains the authority to prescribe the manner and method of collection and payment of the fees in the Commission’s regulations in accordance with section 19841(a). Additionally, in section 19984(b), the authority to collect fees is transferred to the Bureau, but the Commission retains the authority to assess fees. Therefore, these changes comply with the SB 820 amendments of sections 19951(e) and 19984(b), as well as the GRP No. 2 amendment of section 19826.

Chapter 2.2

Section 12220.20

- Subsections (d) and (f) – The references to the Executive Director approving installment payments of the annual primary owner license fee is changed to reference the Bureau. SB 820 amended section 19951(e) to provide the Department the authority to approve payment of annual gambling license fees on an installment basis. This is the only reference to installment payment authority in the Act. Additionally, GRP No. 2 originally amended section 19826 to provide the Department the authority to “receive and process applications for any license, permit or other approval, and to *collect all related*

fees.” (Emphasis added.) While section 19951(e) does not directly relate to the collection of gambling business fees, this provision, when coupled with the fee collection and application processing authority under section 19826, infers an authority to provide for approval of installment payments for gambling business fees currently provided for in the regulation. While the authority to collect the primary owner license fee and to collect that fee on an annual or installment basis has been transferred to the Bureau, the Commission retains the authority to prescribe the manner and method of collection and payment of the fees in the Commission’s regulations in accordance with section 19841(a). This is also consistent with the provisions of section 19984, where the authority to collect fees is transferred to the Bureau, but the Commission retains the authority to assess fees. Therefore, these changes comply with the SB 820 amendment of section 19951(e) and the GRP No. 2 amendment of section 19826.

Chapter 8. Bingo.

Section 12480

- Subsection (b), paragraph (2) – The definition of “automatic daubing” is deleted, as the Bureau will approve bingo card-minding devices, and will adopt the regulations for these approvals, in accordance with the SB 820 amendments of section 326.5(p)(3)(A). The definition of “authorized organization” is added in this paragraph, to add clarity and conform with the SB 820 amendment of section 326.3(j)(4) which is further discussed in paragraph (22) below.
- Subsection (b), paragraph (4) – The definition of “bingo supplies” is deleted, as the Bureau will approve remote caller bingo equipment, and will adopt the regulations for these approvals, in accordance with the SB 820 amendments of section 326.3(t)(1) and the SB 76 amendments to 326.3(t)(2).
- Subsection (b), paragraph (6) – The definition of “check” is deleted for clarity, as this term is no longer used in this chapter.
- Subsection (b), paragraph (14) – The definition of “interim approval” is deleted, as this term specifically applies to the interim approval of card-minding devices and remote caller bingo equipment. The Bureau will approve card-minding devices, and will adopt the regulations for those approvals, in accordance with the SB 820 amendments of section 326.5(p)(3)(A) and 326.5(p)(5). The Bureau will also approve remote caller bingo equipment and will adopt regulations for those approvals in accordance with the SB 76 and SB 820 amendments to section 326.3(t)(1).
- Subsection (b), paragraph (15), subparagraph (A) – The reference to an interim license for a site manager is deleted in accordance with the SB 76 amendment of section 326.3(q)(1). SB 76 removed the requirement for the Commission to license both site managers and remote caller bingo callers in section 326.3(q)(1). However, subsection (u)(2) of section 326.3 remains unchanged, and continues to require the Commission to license the caller in a live game.
- Subsection (b), paragraph (16) – The definition of “managerial duties” is clarified. Those with managerial duties are required to have a work permit. In accordance with the SB 76 amendment of section 326.3(q)(1), this work permit requirement will now include rather

than exclude the site manager. SB 76 removed the requirement for the Commission to license site managers, but subsection (r) related to persons required to maintain a valid work permit remains unchanged, and site managers would fall under the category of managerial employees required to obtain a work permit.

- Subsection (b), paragraph (19) – The definition of “modification” is deleted for clarity, as this term referred to modification of card-minding device software. The Bureau will approve card-minding devices, and will adopt the regulations for those approvals, in accordance with the SB 820 amendments of section 326.5(p)(3)(A) and 326.5(p)(5).
- Subsection (b), paragraph (21) – The definition of “nonrecurring capital acquisition” is deleted for clarity, as this term is no longer used in this chapter.
- Subsection (b), paragraph (22) – The term “authorized organization” is deleted from this definition for clarity. The term “organization” is intended to refer to organizations eligible to apply for authorization in accordance with section 326.3(b). However, an organization is not an “authorized organization” until the organization has been authorized by the Commission pursuant to Section 12505. Previously, section 326.3 interchangeably referenced organizations that were “authorized” and “eligible” under subdivision (b), so the term “recognized organization” was used to reference the Commission process to determine that an organization was authorized and eligible to conduct remote caller bingo games. There is now no distinction between what was previously referred to as a recognized organization and an authorized organization. In accordance with the SB 820 amendment of section 326.3(j)(4), which provides that the Commission shall authorize an organization, the terminology of this chapter has been amended to better reflect the statute. Also, in accordance with this consolidation in terminology, the term “recognized organization,” in paragraph (28), has been replaced with the term “authorized organization” and moved to paragraph (2). Since this is merely a change in terminology and will not materially alter or impose any requirement on affected organizations, it will have no regulatory effect.
- Subsection (b), paragraph (27) – The definition of “progressive prize” is deleted, as this term specifically references prizes distributed during a remote caller bingo game which the Bureau now has responsibility. The Bureau will monitor remote caller bingo games in accordance with the SB 76 amendments of section 326.3(t)(2), and the Bureau will adopt the regulations for the controls, methodology and standards of game play in accordance with the SB 76 amendments of section 326.3(u)(4). Furthermore, the Bureau will be responsible for receiving the audits of an authorized organization, including the prizes awarded, and has the authority to audit these organizations, under the SB 76 amendments of section 326.3(w)(2) and the codification of the GRP No. 2 amendments of section 326.3(w)(3).
- Subsection (b), paragraph (28) – The definition of “recognized organization” is deleted for clarity. This definition referred to the process of the Commission recognizing an organization, pursuant to the current Section 12505, as being eligible to conduct remote caller bingo games. This term is now replaced with the term “authorized organization,” as discussed in paragraph (22) above.

- Subsection (b), paragraph (30) – The definition of “regular approval” is deleted, as this term specifically applies to the regular approval of card-minding devices and remote caller bingo equipment. The Bureau will approve card-minding devices, and will adopt the regulations for those approvals, in accordance with the SB 820 amendments of section 326.5(p)(3)(A) and 326.5(p)(5). The Bureau will also approve remote caller bingo equipment and will adopt regulations for those approvals in accordance with the SB 76 and SB 820 amendments to section 326.3(t)(1).
- Subsection (b), paragraph (31) – The definition of “regular license” is clarified by adding reference to Section 12492, which is an existing license-type for manufacturers, distributors, and vendors of bingo equipment. The Section 12492 license-type also includes a regular license and was inadvertently omitted when this definition was originally adopted. As the other license types were listed, the license for manufacturers, distributors, and vendors of bingo equipment should also be included. This change will not materially alter any requirement, right, responsibility, condition, prescription or other regulatory element of any CCR provision. This change is only clarifying in nature and does not alter or impose any requirement on individuals licensed pursuant to Section 12492, and therefore has no regulatory effect.
- Subsection (b), paragraph (35) – The definition of “site” is clarified to refer to ownership or a lease held by an authorized organization rather than a licensee. The Commission does not license authorized organizations. Use of the term “licensee” is therefore inaccurate. The term “authorized organization” is more specific, accurate, and clear.
- Subsection (b), paragraph (41) – The term “an authorized” is added for clarity, to specify an organization authorized by the Commission.
- All remaining paragraphs of subsection (b) are renumbered accordingly.

Section 12482

- Subsection (a), paragraph (1) – The reference to approval of card-minding devices pursuant to Section 12486 is changed to reference approval by the Bureau. Section 12486 was an emergency regulation that expired December 31, 2011, and was repealed by operation of law January 1, 2012. This change conforms with the SB 820 amendment of section 326.5(p)(3)(A), which provides that the Department shall approve card-minding devices in accordance with regulations adopted by the Department.

Article 2

- Title – With the repeal of Section 12488, nothing remains under this article. Section 12486, which regulated the approval of card-minding devices, expired and was repealed by operation of law January 1, 2012. Additionally, the article was designated for bingo equipment, devices and supplies, and regulation of both remote caller bingo equipment and card-minding devices are now vested in the Bureau in accordance with the SB 76 and SB 820 amendments of section 326.3(t)(1) and the SB 820 amendments of section 326.5(p)(5). Article 3 is renumbered as Article 2, and Article 4 is renumbered as Article 3 accordingly.

Section 12488

- This section is repealed. The Commission no longer has the authority to approve remote caller bingo equipment. This authority is now vested with the Bureau in accordance with the SB 76 and SB 820 amendments of section 326.3(t)(1). Section 326.3(t)(1) has been amended to specify that “[a]ll equipment used for remote caller bingo shall be ... compliant with regulations adopted *by the department* ...” [emphasis added]

Section 12500

- Subsection (a) – The reference to “interim approval” is changed to “interim licensing.” The term “interim approval” referred to card-minding devices and remote caller bingo equipment and is not the correct term for this section. This section describes the interim licensing process. The Bureau will approve card-minding devices and remote caller bingo equipment, and will adopt the regulations for these approvals, in accordance with the SB 76 and SB 820 amendments of section 326.3(t)(1) and the SB 820 amendments of section 326.5(p)(5).
- Subsection (b), (c), and (e) – The references to a license for a site manager are deleted in accordance with the SB 76 amendment of section 326.3(q)(1). SB 76 removed the requirement for the Commission to license site managers in section 326.3(q)(1).
- BGC-620; Application for Interim License for Remote Caller Bingo
 - While BGC-620 is a Bureau form, section 19841(a) provides the Commission the authority to prescribe the method and manner of application and registration, and to prescribe the information to be furnished by the applicant. Historically, the forms used by both the Commission and the Bureau have been incorporated in the Commission’s regulations. The Commission has also historically changed the forms incorporated in its regulations as necessary, with the Bureau’s concurrence or upon the Bureau’s request, when the changes are substantive.
 - In the first paragraph on page 1 of the form, the reference to site managers is deleted in accordance with the SB 76 amendment of section 326.3(q)(1).
 - In Section 2 on page 1 of the form, the option to select a site manager license type is also deleted.
 - In Section 3a on page 2, Applicant Information, the space stating “Description of your duties relating to the conduct of remote caller bingo operations:” is deleted as redundant and unnecessary. In Section 2, the definitions of the duties for the two license types, fiduciary and caller, are provided. As the duties are defined for the purposes of licensing, a description of those duties is self-evident. Further information is unnecessary and redundant. This change will remove unnecessary duplication and does not alter or impose any requirement on individuals licensed pursuant to Section 12500, and therefore has no regulatory effect.
 - The revision date of the form is changed accordingly.

Section 12505

- The word “Recognition” in the title is changed to “Authorization” to conform with language found throughout section 326.3, in addition to the SB 820 amendment of section 326.3(j)(4) specifying that the Commission shall authorize an organization to conduct remote caller bingo games.
- Subsections (a), (b), (c), and (d) – The words “recognized” and “recognition” are changed to “authorized” and “authorization,” respectively, to conform with language found throughout section 326.3, in addition to the SB 820 amendment of section 326.3(j)(4) specifying that the Commission shall authorize an organization to conduct remote caller bingo games.
- Subsection (b), paragraph (2) – The revision date of the specified form is changed to conform to changes in the form.
- BGC-618; Statement of Eligibility to Conduct Remote Caller Bingo
 - While BGC-618 is a Bureau form, section 19841(a) provides the Commission the authority to prescribe the method and manner of application and registration, and to prescribe the information to be furnished by the applicant. Historically, the forms used by both the Commission and the Bureau have been incorporated in the Commission’s regulations. The Commission has also historically changed the forms incorporated in its regulations as necessary, with the Bureau’s concurrence or upon the Bureau’s request, when the changes are substantive.
 - In the introductory paragraph, the regulation section is corrected to refer to Section 12505, and section 326.3, subsection (b) as the entire subsection refers to the organization criteria. The final sentence is rewritten to specify that an organization must be authorized to conduct remote caller bingo games by the Commission, pursuant to the SB 820 amendment of section 326.3(j)(4).
 - In Section 3, the language regarding tax exemptions pursuant to specified sections of the Revenue and Tax Code is rephrased and corrected to accurately reflect the provisions of section 326.3(b)(1)(A).
 - The revision date on the form is changed accordingly.

Article 5

- Title – The title “Article 5” is deleted and Section 12508 is incorporated into Article 4 for ease of organization of the chapter.

Section 12508

- Subsection (a) – The phrasing is clarified by referring to organizations that are authorized, rather than recognized, by the Commission to conform to language found throughout section 326.3, in addition to the SB 820 amendment of section 326.3(j)(4) specifying the Commission shall authorize an organization.

- Subsection (d), paragraph (1) – The reference to organizations is deleted in accordance with the amendment of section 326.3(w)(2) in SB 76 which changed the submission timeframe for organizations to submit audit reports. Because the timeframes are now different, amended language will refer only to vendors and is renumbered as paragraph (1) accordingly.
- Subsection (d), paragraph (2) – Paragraph (2) is added to address the new timeframe for the submission of an organization's audit report as required in the SB 76 amendments of section 326.3(w)(2).
- Subsection (e), paragraph (3) – The reference to the records the authorized organizations shall provide to the Bureau is deleted in accordance with the SB 76 amendment of section 326.3(w)(2), which deleted the requirement for quarterly submission of records. The remainder of this paragraph is amended to change the reference from the Commission to the Bureau for receiving the quarterly payments from authorized organizations for reimbursement of the loan from the Indian Gaming Special Distribution Fund to the Charity Bingo Mitigation Fund, in accordance with the SB 820 amendments of section 326.4(d).
- Subsection (f) – The reference to the Commission receiving 30-day advanced notice of a remote caller bingo game is changed to the Bureau and local law enforcement to conform to the SB 76 amendment of section 326.3(j)(4).
- Subsection (f), paragraph (3) – This paragraph is amended to clarify that the modifier "licensed" applies to the caller and not the site manager. This distinction is necessary because site managers are no longer required to be licensed. SB 76 removed the requirement for the Commission to license site managers in section 326.3(q)(1).
- Subsection (f), paragraph (9) – The requirement to include a copy of the license issued to the organization pursuant to subdivision (l) of section 326.5 with the 30-day advanced written notice is added in accordance with the SB 76 amendment of section 326.3(j)(4) which added subparagraph (I).

Article 6

- Title – The title "Article 6" is deleted as there are no sections under this article and the Bureau now handles accounting and financial reporting for remote caller bingo under GRP No. 2.
