

## ADVISORY NOTICE

APPROVED REGULATIONS REGARDING:  
CLEAN UP OF REFERENCES TO B&P 19801

(CGCC-GCA-2017-06-N)

---

Senate Bill 730 (Florez, Chapter 438, Statutes of 2007) made amendments to Business and Professions Code section 19801. These changes included the renumbering of the subdivisions. The California Gambling Control Commission's (Commission) regulations have been updated to correct all references to Business and Professions Code section 19801.

On January 9, 2018, the Office of Administrative Law (OAL) approved non-substantive changes without regulatory effect which update the Commission's regulations to conform to the changed references. This package was filed with the Secretary of State and became effective on the same day.

A copy of the recently approved non-substantive changes is attached. That document is also available on the Commission's Web site under "Regulations/Recently Approved Regulations" at [www.cgcc.ca.gov](http://www.cgcc.ca.gov).
