3	licensee with a gross gaming revenue under \$1,500,000, as provided in Section 12252.2 , due under
4	clause 1 of subparagraph (A) of paragraph (6) of subsection (a) of Section 12252.1 for the following
5	calendar year. If the license is approved after October 1, this the invoice will be issued at the same time as
6	the invoice required in paragraph (1) of this subsection.

10 11	§ 12252.1. TPPPS Annual Fee Calculation. (a) The Commission will conduct the following six-step analysis to determine the Annual Fee invoiced
12	pursuant to subsection (a) of Section 12252.
13	(1) Step One. The Commission will take all Bureau and Commission Non-Application Costs and
14	allocate them to Cost Pools 1 through 6. For future years, each cost <mark>s</mark> pool will need to account for any
15	prior year adjustments through a carry forward. A carry forward as used in this section will account for
16	and reconcile any over and under costs allocated in prior years for each cost pool. The cost pools will
17	determine how the Commission will allocate Non-Application Costs to TPPPS business licensees and
18	cardroom business licensees. Other costs may be included in a specific Cost Pool that the Commission
19	determines are necessary for the administration and enforcement of the Act based on the responsibilities
20	of the Commission and Bureau pursuant to Business and Professions Code sections 19823 and 19826
21	respectively.
22	(2) Step Two. Application Split. The Commission will determine the percentage of total TPPPS
23	business licensee and cardroom business licensee applications, which the individual total of each
24	constitutes by averaging the annual total of each license type's initial and renewal applications from the
25	previous five fiscal years immediately prior to the forthcoming October 1st invoice issuance date, and
26	dividing each individual average TPPPS business licensees and cardroom business licensees' total by the
27	combined average TPPPS business licensees and cardroom business licensees' total. The Commission
28	will multiply the Application Split funds by this percentage to determine the amounts payable by TPPPS
29	business licensees pursuant to this step.
30	(3) Step Three. Entity Split. The Commission will determine the percentage of total Active and Non-
31	Operational TPPPS business licensees and cardroom business licensees, which the individual total
32	TPPPS business licensees versus cardroom business licensees each constitutes, by dividing the separate
33	totals of Active and Non-Operational TPPPS business licensees and Active and Non-Operational

1	cardroom business licensees, by the total of both Active and Non-Operational TPPPS business licensees
2	and cardroom business licensees to distribute the funds allocated to this Cost Pool between TPPPS
3	business licensees and cardroom business licensees. The Commission will multiply the total of Even
4	Across All and Entity Split funds by this percentage to determine the amounts payable by TPPPS business
5	licensees pursuant to this step.
6	(4) Step Four. Commission Actions. The Commission will determine the percentage of total
7	Commission actions for TPPPS business licensees and cardroom business licensees, which the individual
8	totals of each constitutes by calculating the total average annual number of Commission actions from the
9	last three fiscal years for TPPPS business licensees and cardroom business licensees and convert that
10	into a percentage by dividing the separate total of actions for TPPPS business licensees and cardroom
11	business licensees respectively by the total applications for both TPPPS business licensees and cardroom
12	business licensees. The Commission will multiply the Commission Actions funds by this percentage to
13	determine the amounts payable by TPPPS business licensees pursuant to this step.
14	(5) Step Five. The Commission will determine the total fees to be paid by TPPPS business licensees
15	by adding each of the respectively apportioned TPPPS business licensee costs outlined in paragraphs (2)
16	through (4) of this subsection with the total from Cost Pool 6. The Commission will divide the total fees
17	by the total average annual number of Commission actions from the last three fiscal years for TPPPS
18	business licensees to determine the unadjusted Annual Fee for each TPPPS business licensee. The
19	amount invoiced will not be more than the maximum or less than the minimum amount as provided in
20	Section 12252.2.
21	(6) Step Six. Final Adjusted Annual Fee Calculation. The Commission will determine for each TPPPS
22	business licensee if they are an Active Licensee, Surrendered or Revoked Licensee, or Non-Operational
23	Licensee, and if an Active Licensee, if they have average gross gaming revenues below \$1,500,000 or
24	equal to or greater than \$1,500,000 based on the immediate previous three-year, or less if three years is
25	unavailable, the annual average of gross gaming revenue as reported pursuant to Section 12313.
26	(A) The Bureau will invoice the Annual Fee to TPPPS business licensees after the Commission
27	calculates and sends the invoice amounts to the Bureau to be invoiced pursuant to subsection (a) of
28	Section 12252, as follows:
29	1. Active TPPPS business licensees that have collected less than \$1,500,000 \$1.5 million average
30	gross gaming revenue, as determined in paragraph (6), the unadjusted Annual Fee as determined in
31	paragraph (5).
