B. Nader Tafty

Comments Received From:

Jim Parrinello, Attorney, in person

Yolanda Morrow, Assistant Director, Bureau of Gambling Control, in person

Bill Torngren, Deputy Attorney General (DAG), Bureau of Gambling Control, in person

Chairman Evans noted his concern is predominately attributable to communications between the Bureau and Mr. Tafty in regards to his compliance with the settlement terms.

Mr. Parrinello provided a brief history of Mr. Tafty's application for Owner-Licensee with Delta Casino which led to a Stipulated Settlement approved by the Commission in 2012. The Stipulated Settlement states that Mr. Tafty would never be eligible for an Owner's License; however, after the passage of one year he could apply for a Key Employee License. Further, if Mr. Tafty applied for a Key Employee License, he would be required to pay \$7,500 to the Bureau.

Mr. Parrinello noted that in 2014, Mr. Tafty was hired at Hollywood Park Casino in a non-key position and applied for and obtained a work permit with the City of Inglewood. In early 2016, Mr. Tafty was promoted to Operations Manager, prompting the requirement for the submission of a Key Employee License application and payment of \$7,500 to the Bureau, which Mr. Parrinello noted was complied with. Mr. Parrinello further noted that in late 2017 or early 2018, Bureau staff informed Mr. Tafty of their denial recommendation of his Key Employee License because he should have paid the \$7,500 when he applied for his work permit in Inglewood, not his key employee license and he had not demonstrated suitability. Mr. Parrinello noted it was Mr. Tafty's understanding that the \$7,500 was required to be paid when he applied for his Key Employee License with the Bureau. Further, Mr. Parrinello noted as far as establishing suitability, Mr. Tafty's four years of employment with Hollywood Park Casino, letters of recommendation submitted, and the fact that Mr. Tafty responded fully and accurately to the Bureau's requests for information, are sufficient to show his suitability.

Chairman Evans asked Assistant Director Morrow to confirm if the Bureau's recommendation for denial was based on when the \$7,500 needed to be paid.

Assistant Director Morrow confirmed that one of the issues was that the Stipulated Settlement states the \$7,500 shall be immediately due and payable if the respondent applies for any type of gambling license, permit, or registration. In addition, Assistant Director Morrow noted there is also the issue that Mr. Tafty was required to demonstrate evidence of mitigation or rehabilitation as well as suitability for licensure. Assistant Director Morrow noted that evidence, with the exception of his

supplemental form, was not received by the Bureau and Commission staff until after the Bureau's recommendation was made.

Commissioner LaBrie noted that the Stipulated Settlement seems to preclude Mr. Tafty from applying for anything other than a Key Employee License, which seems unclear because working in a Work Permit capacity would show progression prior to applying for a Key Employee License.

Assistant Director Morrow responded that as part of the requirements to apply for a Key Employee License, applicants are required to hold a Work Permit. Assistant Director Morrow further noted that Mr. Tafty applied for and was granted a Work Permit prior to any discussions, subsequent to the entry of the Stipulated Settlement, with the Bureau.

Mr. Parrinello noted again for the record it was Mr. Tafty's understanding that the submission of a State application was the trigger to pay the \$7,500 fine to the Bureau. Mr. Parrinello began to discuss conversations which explained Mr. Tafty's state of mind to corroborate his misunderstanding of the settlement terms.

DAG Torngren objected on the grounds that noted that settlement negotiations are confidential and/or privileged. DAG Torngren noted that a hearing would be most appropriate to determine evidentiary standards and admissions of evidence. Mr. Parrinello responded that he has discussed this matter with DAG Torngren and Mr. Parrinello asserted that the \$7,500.00 being paid at the time he applied for a key employee license was clearly a misunderstanding and that should not require him to go through an expensive time consuming evidentiary hearing.

Commissioner To opined that taking into consideration the prior expressions of DAG Torngren and Commissioner LaBrie, the best venue to hash out this issue would be an evidentiary hearing.

Chairman Evans concurred, discussed the timing of payment was favorable to Mr. Tafty's position, and noted that the Commission needs to fully protect the settlement process between the applicant, the Bureau, and the Commission to ensure that settlements are followed. Chairman Evans further explained that an evidentiary hearing allows both parties a chance to fully explain their state of mind and communications to ensure that the settlement was honored.

Chairman Evans further elaborated on why he believed this matter was more suitable for an evidentiary hearing and confirmed that a referral to an evidentiary hearing is not a prejudgment of Mr. Tafty's application.

Mr. Parrinello stated that Mr. Tafty has lost his key employee license, has suffered a 25% reduction in pay, and by not granting a license puts him in a difficult position to continue on.

Chairman Evans indicated that although the situation is regrettable, the process is what he believes is necessary to adjudicate this matter.

Chairman Evans reiterated the purpose of the evidentiary hearing is not to be punitive, rather to ensure the Commission is able to fully assess the circumstances of the settlement and the state of mind of Mr. Tafty.

Mr. Parinello expressed concern that it was not until the end of the application process that the Bureau informed the Applicant of the recommendation for denial. Further, despite the Bureau sending letters asking for information, he was never asked to explain the reasoning about why he paid the \$7,500 when he did.

DAG Torngren confirmed IGLS would do what it could to ensure the matter is handled as efficiently and expeditiously as possible.

Chairman Evans asked the Bureau if the jurisdiction has changed its ordinance.

Assistant Director Morrow noted the Bureau and Applicant would like to go back to discuss the matter further to attempt to remedy the potential procedural misunderstandings of the table increase process.

Chairman Evans inquired what the process would be if the request was denied.

Executive Director Luna Baxter noted if the Commission denies the request the parties can still work with the local jurisdiction and then reapply for additional tables.

Ms. Harn stated she agreed with the Bureau and the reason for the continuance request is to bring the item back to the Commission without issues and to avoid any additional fees. Ms. Harn noted the Bureau has been great and the Applicant has been working with the Bureau on this matter.

Assistant Director Morrow confirmed that if the request was denied, the applicant would incur additional fees and would have to submit a new application.
