### 6. Review and Discussion: Proposed Regulations on Incident Reports

The Commission's Legislative and Regulatory Affairs Specialist Joshua Rosenstein presented to the GPAC proposed draft regulations concerning incident reporting. Below is a summary of the discussion that occurred concerning the draft regulations.

Section 12395((a)(1) David Freid asked for clarification that would indicate that surveillance systems in this section of the text actually means server room. There was also discussion regarding the necessity of the requirement that a key employee or work permittee must be present to observe when maintenance work such as HVAC was being completed in the server room.

Section 12395(a)(3) There was discussion concerning when the Bureau should be notified of an incident. Suggested language for this section was to use terms obtaining knowledge, sufficient evidence or obtaining evidence.

Section 12395(C) There was discussion to not remove "possession."

Section 12395(L) Page 3, Line 21, Change (supervising pimping) to (supervising prostitution).

Option 1 There was a suggestion to change six-month reporting requirement to an annual report.

There was discussion that "business day" needs to be defined; however, Stacey indicated that this would be taken on by the Commission to add a general definition for all Commission regulations.

Stacey indicated that staff will conduct additional review of the regulations based on the comments made at this meeting and then begin the rulemaking process.

### 7. Review and Discussion: Proposed Regulations on Southern California Hearings

The Commission's Legislative and Regulatory Affairs Specialist Alex Hunter presented to the GPAC proposed draft regulations concerning Southern California Gambling Control Act hearings. There were no comments from the GPAC members concerning the proposed regulations.

GPAC requested that Keith and Yolanda make revisions to the proposed regulation text to incorporate the Commissioners comments from the December 12, 2019 meeting for a final review and discussion by the members at the next scheduled GPAC meeting.

- B. Discussion Outline for Licensing, Work Permit, Hearing and Discipline Changes (Sub-Committee Members: David Fried and Art Van Loon)

David Fried presented for discussion an outline concerning legislative proposal changes for licensing, work permit, and hearing and discipline. There were discussions concerning a limited or reduced licensing process such as state issued works permits for out of state owners with no more than 5% interest. There was also discussion concerning different background requirements for an individual purchasing an interest in a gambling enterprise verses an individual beneficiary receiving interest through an inheritance. There was discussion concerning how often compliance reporting should be done if operating under a five-year renewal process. Another topic discussed was to address Administrative Procedure Act hearing delays by requiring the that Bureau must file a request to set within 60 days of the matter being filed.

## 9. Discussion of Possible New GPAC Projects

- a. Notice of Work Permits Issued by Local Jurisdictions

Stacey spoke of hypothetical examples of local work permittees who were terminated for theft or had their local permit revoked, but were able to get a work permit issued in another jurisdiction to continue working in the industry because the Bureau, Commission, and the local jurisdiction were not aware of the prior derogatory actions. This is a shared concern amongst the Bureau, Commission, and industry and the Commission would like to address it. She had asked the GPAC to consider taking this on as a new project. Luis Jaramillo and Haig Kelegian, Jr. volunteered to co-chair the project.

- b. Dual Licensure within Cannabis and Control Gambling Industries

Stacey informed the GPAC that the Commission has asked that the GPAC consider taking on a project researching the concerns with dual licensure within the cannabis and controlled gambling industries within California. Stacey indicated that this would be a topic of discussion at the next GPAC meeting.

c. Open Discussion for Committee Members to Propose Project Topics for Next Agenda

Haig Kelegian, Jr. mentioned concerns regarding adequate financing for cardrooms not covering the financial health of the cardroom as a whole and player dealer rotation. Stacey advised Haig to speak to the Bureau directly regarding the adequate financing topics as the Bureau's adequate financing review may already be addressing his concerns. The player dealer rotation was not pursued as a GPAC project because the player dealer rotation issue is not under the Commission's authority and is being handled under the Bureau regulations.

Jieho Lee asked that a future agenda topic include consideration of licensing of individuals that may have some criminal background but are actively involved in a recognized recovery program.
